EPAM delivers domain-specific, fully functional, transformative software solutions that drive business including Financial Services, Software & Hi-Tech, and Media & Entertainment. We provide complex solutions to clients around the world with pride, passion, and an eye towards perfection.

Currently, we have offices in 5 biggest Polish cities: Krakow, Gdansk, Wroclaw, Katowice, and Warsaw. We are committed to providing each of our more than 4,100+ Poland-based EPAMers with an inspiring career that is filled with opportunities for continuous learning, development, and growth—so you can reach your fullest potential. Our efforts have led us to receive the "The Best Place to Work in IT in Poland 2020" award by Computerworld. Also, we won the “Best Culture of Learning’ Award in the LinkedIn Talent Awards 2021 and were named a Top 100 Most Loved Workplace by Newsweek in 2021.

At EPAM we offer a lot of development opportunities for IT students and fresh graduates. As one of them, you have a chance to get to EPAM’s training program, which will help you grow very quickly and gain extensive knowledge and valuable experience with the help of EPAM University experts. Moreover, at EPAM you can find a wide and varied range of vacancies in the field of Java, JavaScript, Data, Python, .NET, QA, QA Manual, DevOps, Business Analyst, and many other technologies.

But it’s not everything! As an EPAM employee, you have access to numerous benefits, such as:

- Vast opportunities for self-development: online courses and library, experience exchange with colleagues around the world, partial grant of certification
- Career development center
- Benefit package (private insurance, health care, multisport, lunch tickets, and shopping vouchers, etc.)
- English language classes
- Polish language classes for Foreigners
- Possibility to be involved in an international project
- Remote work options
- Unlimited access to LinkedIn learning solutions
- Possibility to relocate for short and long-term projects (ex. to USA or Switzerland)
- Mentoring programs with experts that will help you to grow
